

Health & Beauty

Snailcare with snail extract for healthier and beautiful skin

All Snailcare products contain its main ingredient of snail extract powder. The Snailcare range is available in a gel, day cream SPF 40, facial cleanser and now tissue oil. Snailcare also contains vitamins A, D and E. It is fragrance free and suitable for all skin types. Snail extract powder has been primarily developed to help women fight against aging and is currently being enjoyed by many women and men daily to moisturise, support and improve the appearance of wrinkles, stretch marks, uneven skin tone acne and acne scars. The sun exposure, free radicals, irritants, cigarette smoking, and smiles and frowns all contribute towards damaging healthy skin and skin again over time. The main property of snail extract is to provide natural activators that the aging skin can no longer produce. Snail extract contains the following ingredients:

1. Allantoin - hydrates skin -increasing water content. Improves smoothness by enhancing shedding of dead skin cells. Also known as an 'anti-irritant' to the skin.
2. Collagen and Elastin - Improves appearance of aging by reconstructing the collagen and elastic skin fibers.
3. Glycolic Acid - allows outer skin to 'dis-

solve' revealing underlying healthier, softer, and brighter skin.

4. Hyaluronic Acid - contributes to cell proliferation and activates the tissue repair system. Smooths wrinkle appearance by adding volume under aging skin.

5. Protein - enriches and softens skin.

6. Vitamin E - helps protect skin aging damaging free radicles, antioxidant.

Vitamin A - protects skin against UV radiation, increases blood flow.

Vitamin D - locks in moisture in skin and prevents wrinkling.

Snailcare has been formulated to support stubborn scars, marks and has a sun protection factor (SPF) of 40. It can be used daily to moisturise and protect skin from sun and other environmental factors. It has in addition to snail extract the following ingredients:

1. Liquorice root - assists with lightening skin.
2. SPF 40 (Sun protection factor) - helps prevent facial spots and discolorations, reduces appearance of facial red veins and blot, slows down development of wrinkled, premature aging.
3. Limonene - increases skin hydration and absorption of actives.
4. Lipobelle - has content of CO Q10 and

Vitamin E.

5. Vitamin C - creates and maintains collagen, skin strength and structure, replacement of dead skin cells, skin discoloration. Snailcare Daycream SPF 40 and gel containing snail extract is available in a 50ml jar and the Facial Cleanser in 100ml. Try

our brand new addition to the Snailcare range - Snailcare Tissue Oil with snail extract now available! Visit www.snailcare.co.za or for more information on Science of Snail Extract or nearest stockist, call 086-117-6245 or WhatsApp 078-00-9786.

What is Moyoko?

Moyoko is the new professional hair iron that emits an infrared light from the center of the heated plates, and it is brought to you by Mycro Keratin.

If you didn't know, Micro Keratin is the fastest growing keratin treatment on the market. Anyone who has done a Keratin treatment knows that the treatment has to be ironed onto the hair. This ironing process activates the treatment as well as seals the cuticle leaving your hair with a smoother hair and frizz free for up to six months.

Although the Moyoko hair iron was designed for professional use only, they believe that it will become a household name very soon. The Moyoko hair iron radiates an infrared light found on the heated tourmaline plates. They know, it is hard to imagine because no one has seen this high tech before.

This Infrared Light c reduces hair damage by 60 percent. Long term benefits mean less breakage. This technology also helps retain moisture and therefore increases shine and manageability.

Another amazing feature is the ionic generator. The

ionic generator emit ions into your hair to restore the balance of positive and negative ions which makes your hair shiny, smooth, frizz free and manageable.

Can Moyoko be used at home?

Like most expensive hair irons, Moyoko offers the control of temperature which can be reduced for home use. Using the Moyoko hair iron in conjunction with the Mycro Keratin

treatment and after care products is believed to sustain a smoother and frizz free hair for a much longer period than any other hair iron or keratin treatments on the market.

The price?

They feel that most hair irons today are way overpriced. The Moyoko hair iron features everything that most expensive hair irons offers and more. This hair iron retails for an amazing price and comes with a two year war-

ranty making this hair iron so affordable with much more features.

Visit their store in Springfield Park and see what this new innovative technology is all about. For more information about Mycro Keratin or Moyoko hair irons, visit Hair at Mels in Springfield Park Durban or call 031-201-9682 go to www.hairatmels.co.za.
