

Snailcare with snail extract for healthier and beautiful skin

All Snailcare products contain its main ingredient of snail extract powder. The Snailcare range is available in a gel, day cream SPF 40,

facial cleanser and now tissue oil. Snailcare also contains vitamins A, D and E. It is fragrance free and suitable for all skin types. Snail extract

powder has been primarily developed to help women fight against aging and is currently being enjoyed by many women and men daily to moisturise, support and improve the appearance of wrinkles, stretch marks, uneven skin tone acne and acne scars. The sun exposure, free radicals, irritants, cigarette smoking, and smiles and frowns all contribute towards damaging healthy skin and skin again over time.

The main property of snail extract is to provide natural activators that the aging skin can no longer produce. Snail extract contains the following ingredients:

1. Allantoin - hydrates skin -increasing water content. Improves smoothness by enhancing shedding of dead skin cells. Also known as an 'anti-irritant' to the skin.
2. Collagen and Elastin - Improves appearance of aging by reconstructing the collagen and elastic skin fibers.
3. Glycolic Acid - allows outer skin to 'dissolve' revealing underlying healthier, softer, and brighter skin.
4. Hyaluronic Acid - contributes to cell proliferation and activates the tissue repair system. Smooths wrinkle appearance by adding volume under aging skin.
5. Protein - enriches and softens skin.
6. Vitamin E - helps protect skin aging damaging free radicals, antioxidant.

Vitamin D - locks in moisture in skin and prevents wrinkling.

Snailcare has been formulated to support stubborn scars, marks and has a sun protection factor (SPF) of 40. It can be used daily to moisturise and protect skin from sun and other environmental factors. It has in addition to snail extract the following ingredients:

1. Liquorice root - assists with lightening skin.
 2. SPF 40 (Sun protection factor) - helps prevent facial spots and discolorations, reduces appearance of facial red veins and blot, slows down development of wrinkled, premature aging.
 3. Limonene - increases skin hydration and absorption of actives.
 4. Lipobelle - has content of CO Q10 and Vitamin E.
 5. Vitamin C - creates and maintains collagen, skin strength and structure, replacement of dead skin cells, skin discoloration.
- Snailcare Daycream SPF 40 and gel containing snail extract is available in a 50ml jar and the Facial Cleanser in 100ml. Try our brand new addition to the Snailcare range - Snailcare Tissue Oil with snail extract now available!
